

Holy Trinity Mobile!

Directions:

1. Print out the Trinity Mobile documents on card, one set for each child.
2. It is easier to copy the circles back-to-back, but if you can't do that, cut them out and glue them together.
3. Colour all of the pieces. The top piece gets folded in half.
4. Then use a small hole punch to add a hole everywhere there is an X.
5. Cut out the centre circle of a paper plate and punch five holes in it according to this diagram:

6. Two holes equally spaced along the inner circle are where you attach the top triangle.
7. Three holes spaced like an equilateral triangle along the outside circle are where you attach the three circles. It should be balanced when you hang it.
